Aug. 30, 1933

Mayor, Town of Appomattox,
Appomattox, Va.

Dear Sir:

This is to inform you and all parties concerned as to the true state of affaisr in regard to the water tank on my property.

In the deed given me to this property when I bought it, there was a reservation in the deed giving right of way to and from the water tank located on my property at that time. This was a wooden tank and rights to fixture and repair of same was given to W. M. Hancock and Dr. D. N. Twyman and his agents, and also that he could remove tank but no right to sell or exercise rights of way to any other party, nor was there ever given any authority to construct a new tank, or have rights of way thereto. When the new tank was built I gave written notice to DR. D. N. Twyman and W. M. Hancock not to build this tank on my property. I also filed a protest to the Town Council not to grant a permit to build this tank.

I thus reserved the legal right to take such legal steps as are necessary to protect my interest at such time as I believe it necessary. This letter is to give notice to you of my intention to take proper legal steps to protect my interest if this site and rights of way thereof is offered for sale.

Respectfully,

D. A. Christian

Sept 25th 1933 Pursuant to a call by the Mayor the Town Council met in the Mayors office at 630 PM. with every member present and Mayor C B McDearmon presiding. The meeting was called to consider the revised estimates of the J B McCleary Co of the cost of a Water and Sewerage System in and for the Town of Appomattox Va. The Council took up the revised estimates of the J B McCleary Co and after a study of same and discussion pro and con it decided that the increase in cost over the former estimates made the cost of the project so much that it would not be a self liquidating enterprise. and the following motion was offered and carried unanimously

Moved by Mr C T Moore Seconded by Mr B W Dean That the Council withdraw its request and instruction to the J B McCleary Co (Engineering Corporation) as embodied in a resolution by Council on Aug. 28th 1933 for the following reasons 1st Because the revised estimates of the J B McCleary Co make the cost of the project more than the Town can pay and 2nd Because the increased cost over former estimates precludes the possibility of the project being a self liquidating enterprise

By unanimous Consent the Mayor was instructed to Name a Comm of 3 to inspect and investigate any and all entertainments or exhibitions given on the Appomattox Fair associations grounds during the week of Aug 26-30 1933 and to close any indecent or immoral entertainment or exhibition

TOWN OF APPOMATTOX

APPOMATTOX, VA., 9/27/35 19 35

To The Town Council Of Appomattox
Appomattox Va
Gentlemen:--

By the power vested in me as Mayor of your town I herein wish to veto the resolution passed by the majority of the Members at a meeting held Sept. 23rd 1935 at 8 Pm appropriating $1220.00 to match Federal money to hard surface streets in the section of Appomattox known as the fair Grounds and recently cut up and sold in lots.
In doing this gentlemen I wish to say that I am not doing this in malice or predjudice, but simply from the fact that I do not think we are justified in so doing inview of the fact that we are already about $3500.00 in debt and besides having a sewerage project before us to cost over $5000.00 which we are compelled to borrow the money to put through and I think of decidedly more importance to the majority of the people of our town. Our levy has been reduced as you know 33 1/3 percent during the past few years which greatly reduces our income.
If we were out of debt I would gladly sustain you in this movement but under existing conditions I cannot consciencioly be a party to this move. The revenue derived from taxation in fair ground project will be without doubt very small for several years to come. In submitting this veto may I ask that you give the matter your most careful consideration.

Cordially Yours
C.S. McDearmon

Co had been operating under a franchise in Warrenton for a number of years for which the Town received no pay, and the Town decided to put in a plant of its own, in 1935, and notwithstanding the fact that the Power Co. had repeatedly refused to pay the Town any thing for a renewal of the franchise, that just as soon as the Power Co found out the Town was in earnest about establishing a Plant of its own the Power Co. agreed to pay the Town $3500.00 a year for a 10 year franchise the terms and conditions of which are set forth in Contract and agreement a copy of which the Comm. laid before the Council and a part of its report. The report was accepted and the Comm. thanked for its service.

May 7 Special meeting of Council to consider the question of a Franchise to The Va Public Service Co.
Mayor McDiarmon presiding and the following members of Council present H G Johnson J C Dresser. S W Sears, W E Hancock J L Burkey and L J Morris.
atty wm abbitt was also present.
Mayor McDiarmon explained the purpose of the meeting and called upon Mr Easley (who was representing The Va Pub Ser Co. along with Col J W Flood) to submit his views to the Council.
Mr Easley stated that at a former hearing before this body the question of a franchise in the Town of Warrenton Va had been raised and a post ponement granted in order that he might get the facts relative to the Warrenton franchise and after reading the terms and conditions of the Warrenton Franchise and considerable discussion of same Mr Easley said that the Va Pub Ser Co would give the Town of Apomattox the uncollected 1/2 of 1% Tax on gross receipts (which tax the Town had never assessed against the Power Co) which he thought would amount to approximately $400.00 and put in 10 250 C.P. St lights in the business center of the Town and would charge the Town only $2.00 each per month — the regular price per month each, of which would be $3.00 — a saving or gift to the Town of 10.00 per month or $120.00 per year.
Mr Easley was not specific as to whether this offer applied to a 10 year Franchise or not, but did say that the Power Co wanted a 30 year Franchise.
The Council stated that it was still of the opinion that the proposition submitted by the St. & Light Comm. to the Va Pub Ser Co at a former meting was fair and reasonable and that it stood by the original proposition which was as follows.

[illegible] of drainage from Church St through the property of Mr & Mrs F G Drisen.
The meeting was duly opened [illegible]

Motion on Drainage

It is the opinion of the council, that the drain ditch in front of the home of Mr and Mrs F G Drewry on Church street, is a natural drain, and that the Town has not diverted the natural drain nor bought or paid for the pipe on the property of Mr and Mrs F G Drewry, and therefore it is not the duty of the Town of Appomattox to furnish pipe to carry off the drain water, and Mr and Mrs F G. Drewry are hereby notified not to stop up the aforesaid drain. And it is the further opinion of the Council that the maintenance of an uninterrupted flow of said drain water through private property is the responsibility of the property owner.
However the Town will install grates over the many holes in the street and cooperate in every way it can to prevent any clogging or filling of said pipe line

Object of meeting. To have a conference with Representatives of W.P.A. in regard to starting work on the proposed Sewer System. Messrs Life, Moody and Knight were present and Mr Life spoke first and he stated very frankly that the labor was not available to complete the project by July 1st 1938. There being only about 14 which in approximately that we could get at this time - the men now working on the High school grounds - and the only possible available labor was in Lynchburg, but Lynchburg has a project under way that would probably take all of that labor, but it might be that we could get a small number of men from Log - (leaving us to infer such as would not or could not work) in which event we would have to pay the Lynchburg scale of wages which is 10.00 per month higher than the appomattox scale and would call for a division of the estimate of cost of the entire project. Messrs Moody and Knight also spoke very frankly each seeming to think that it would by right much of a gamble to start the project now even though we were able to muster 60 or 75 men, since we could not complete the job by July 1st 1938 and no one knows what Congress will do about another appropriation for W.P.A.

C.S McDearmon Mayor

The Town Council of Appomattox, Virginia, in special session on the 25th day of October, 1938, learns that the Town of Appomattox is eligible or is approximately eligible to receive consideration from the Post Office Department of the United States for the construction of a federally-owned post office building within the town. The Town Council herewith takes cognisance of this condition, and urges that the utmost consideration be given by the Government to such a forward and greatly-needed development. Since the 1930 census, the town and the area served by the Appomattox post office and its four Rural Routes, has witnessed truly remarkable growth. New buildings, new homes, new industries have gone up within the town. During the current year there has been approximately $100,000 worth of new residential construction in the town. The growth of the incorporation has been sound and steady, and is based upon such foundation as to indicate a constant incline upward. The present building used as a post-office is conveniently located, but is in the opinion of the Town Council inadequate to requirements of a modern Second Class Post-Office. The entrance and exit used by the Rural Carriers when going and coming in their cars from their routes is a pedestrian and traffic hazard.

The Town Council directs that this communication be sent to our Congressman, Hon. P.H. Drewry of the Fourth District, and that he be asked to communicate same to the proper officials of the Post Office Department, and further that the Town Council place itself on record as being anxious to cooperate in any way possible to expedite the procedure of moving toward favorable action on this project.

Mr. H. G. Johnson,

Dear Harry,

Belonging to that class who believes that if you have a flower for a friend, that it should be given him while he lives, so that he may behold its beauty and inhale its fragrance,- rather than keep it and place it upon his grave where he will never know that it was given.

There comes a time in the life of an organization as well as that of an individual that they are called upon to perform a duty that causes them both pleasure and sorrow. In the acceptance of your resignation as a member of the Town Council of Appomattox last night, severing a relationship that has existed so long the loss of a member than whom none has ever been more loyal, and a man that would express and stand for his true convictions under all circumstances, caused your fellow members a real sorrow. But the fact that our loss is your gain is a compensating factor in that your employers have rewarded your loyalty to them by a promotion that is well earned and richly deserved. We regret our loss and congratulate you on your promotion.

With kindest regards and best wishes,

The Mayor,

C L McDearmon Mayor

APPOMATTOX, VA., 10/12/40 19

To The Town Council Of Appomattox
Appomattox Va
Attention Mr. J W Cawthorn

Dear Sir:-

This is to advise that I hereby Veto the resolution passed by the Town Council of Appomattox Va at a called meeting held in the Mayors office at 5.30 Pm Oct. 11th 1940 which read as follows.
On motion by Mr Crawlet seconded by Mr. Caldwell that the Town buy a new truck from the lowest bidder, same to be a 1941 model with dump body. Bids to be asked and delivered to the Mayor not later than 12 Oclock noon Monday Oct. 14th 1940, and the Mayor is empowered to make the purchase after the bids are in".
My reason for so doing are as follows.
At our regular Sept. Council meeting the question of purchase of new truck was discussed and the need was stressed by the Sergeant and six members of the Council and after considerable discussion the property or finance committee was requested to get bids or estimate on a new truck with a trade in of the old truck proposition.
After this meeting Mr. Crawley of the Property committee waited on the Pulliam Motor Sales and Moses Motor Co. both of Appomattox and requested them to submit sealed bids which was done by both the Motor Cos.
The Pulliam Motor Sales Co bid was the lowest, these bids were made in goods faith and I feel that the purchase should be made from the Lowest bidder.
I feel there is a moral issue involved as well as it is more business like.

Yours Very Truly

C. S. McDearmon Mayor

Nov 4th 1940 Regular meting of Council, Mayor McDearmon presiding and the following members present. J L Murphy C R Robinson Geo D Abbitt Jr J C Caldwell C L McDearmon & Chas P Crawley atty Abbitt also present.

The question was referred to the Town atty as to its legality with request to report to the next meting of Council.

TOWN OF APPOMATTOX

J. W. CAWTHON, SERGEANT

APPOMATTOX, VA., May 16 1941

Whereas it has come to the knowledge of this Council of the Town of Appomattox that Dr.C.G.O'Brien,of this place,will in all probability be called into the Medical Service of the U.S. Army in the near future, and

Whereas,this Council is of the opinion that should he be taken from this community,that the citizens of Appomattox Town and County will suffer materially for the lack of medical care and attention,due to the scarcity of Doctors in Appomattox County, and their inability to cober the territory adequately and serve the people,as there are only three other Doctors living in Appomattox County. One of them lives at Pamplin,which is on the line between this County and Prince Edward County,and he is an elderly man,and spends most of his time in his Drug Store,and does not practice much,and of the other two Doctors that will be left,Dr.W.L.Ould is nearly 70 years of age,and not physically able to do hard work,and Dr.D.A.Christian is in his sixties,and is the medicial examiner for the Local Board,which requires a lot of his time,

Therefore,Be It Resolved,by the Council of the Town of Appomattox,on behalf of the people of this town and community, that it respectfully requests the Army Authorities that they release Dr.C.G.O'Brien from service in the Medical Corps of the Army,and allow him to remain in Appomattox County,so that its people will not suffer for necessary medical care and attention,and that a copy of this resolution be forwarded by the clerk of this Council to Lt.Col. Don C.Hilldrup,Headquarters 3rd Corps Area,Baltimore,Md.,for his consideration.
